Preferred Citation: [Item], AIDS and Sexuality Ephemera Collection, Irvin Department of Rare Books and Special Collections, University of South Carolina Libraries.

Publication Rights: All rights reside with the creator(s). For permission to reproduce or publish, please contact the Irvin Department of Rare Books and Special Collections.

Scope and Contents Note

This collection is a growing compilation of printed ephemera originally found in multiple HIV/AIDS collections that came to the library at the same time, all primarily documenting HIV/AIDS in South Carolina. Items such as complete books or other monographs have been cataloged for the Irvin Department of Rare Books and Special Collections, but other, more ephemeral items including clippings and a substantial collection of individual magazines, journals, and other periodicals with HIV/AIDS-related content were gathered here in this collection. Locally-produced or taped television programs have been housed in this collection. Most commercially-produced videos have been cataloged individually within the libraries' collections. Subjects range from: children and HIV/AIDS, including some coloring books; pharmaceutical advertising literature and offprints; government documents and pamphlets; non-governmental organization publications and newsletters; and the AIDS Quilt and its travels around the country.

Related Materials

James Blanton AIDS Collection, HIV/AIDS-related monographs and periodical runs in the Irvin Department of Rare Books and Special Collections.
